

2016 HOA Board

WE NEED YOU! Our neighborhood has great participation in our HOA and the efforts they support such as our schools, safety, rezoning, etc... The HOA is looking for people interested in serving on the board for 2016. Please consider the BDHOA as your volunteer opportunity for this year!

Interested or have questions, contact our President, Anna Wilder, at [HOA President](#)

Coming in February...2016 HOA Annual Meeting!

Look for details in mid-month update.

AG Middle School

How many of you have children that attend AG Middle School? How many of you use the field or track with friends and family? How many of you have noticed the trash/litter situation around the fields?

Neighbors have expressed concern about the area looking "trashy", literally and figuratively. In a perfect world CMS would have the funds and staff to maintain the area but, that is not the case. Selwyn, AG and Myers Park are neighborhood schools. The majority of our children have gone, do go or will go to at least one of them. As a neighborhood we use the play areas, fields and tracks. We need to lend a helping hand. Here are some ideas.

- When you are headed to one of these areas take a trash bag, pick some up and take it to the dumpster or home
- Take a couple of large outdoor trash bags, empty the cans and take it to the dumpster or home
- Take your kids up there and make it a family event
- If your kids are in clubs through the schools have them plan a clean up day

What is the HOA doing? We have some wonderful members who are working with CMS, the City of Charlotte, and private businesses to apply for a couple of grants that would enable us to make some permanent improvements. Hopefully, we will know by the annual meeting if we will receive funding and assistance. Interested in helping? Contact Hilary Greenberg at [HOA GRANTS](#).
