

December Happenings

COLONY APTS. REZONING- Informational Meeting

When: December 9th at 6:30pm

Where: The Renaissance Hotel on Rexford Rd.

This informational meeting will be in regard to the proposed rezoning of the 26-acre site (Colony Apts.) located at the corner of Sharon and Colony Rds. Developers, architects and engineers involved with the project will be on hand to answer questions and initial concerns that residents may have about the proposed project. This meeting is the first of several meetings to be held. BDHOA representatives plan to attend this meeting and will send residents additional details after the meeting.

Please see the attached letter from the developer.

TIME TO BAND TREES

It is time to band our trees. By applying a glue barrier to the tree trunk, the wingless cankerworm moths are trapped as they climb the tree. For best results, trees need to be banded over the next 2 weeks. As cankerworms can move from tree to tree, we strongly encourage you to ask your adjacent neighbors to join you in banding our trees.

Steps to band trees:

1. Install a two inch strip of cotton or fiberglass insulation around tree- 3 ft from ground and lowest limb.
2. Position a band of roofing felt over strip and attach with glue gun. Use electrical tape for smaller trees.
3. Using disposable gloves and putty knife, apply film of Tanglefoot on band, approx. 1/8 in. thick.

Don't want to do this yourself?
?Contact Silver Duck Tree Banding Services at 704-779-6476

WANTED: 2015- 2016 Board Members

Our BDHOA calendar year runs from February to February. We are currently looking for volunteers to serve on our board next year. Please contact Anna Wilder if you are interested at president@barclaydownshoa.org
