

NEIGHBORHOOD UPDATE

SIDEWALK CONSTRUCTION ON BARCLAY DOWNS DRIVE

Have you noticed the construction on Barclay Downs Drive between Morrison and Sayre? In addition to new sidewalk and planting strip, the Developer is putting in new curb and gutters and adding a bulb-out at the corner to make it safer for children to cross at the Sayre intersection. These improvements are part of the Woodfield apartment project rezoning negotiations that occurred last year. Additional projects that will be done later this summer include new speed humps and repaving. We had hoped that these projects would have been completed prior to the start of summer, but bad weather delayed the start date. Please take extra precautions when walking or riding your bicycle during this construction period. If you have any questions or concerns, please contact your president Anna Wilder at president@barclaydownshoa.org.

UPCOMING EVENT IN THE AREA
