

## October Updates

### Neighborhood Safety

On Oct. 15th a neighbor had a solicitor come to her door about cleaning gutters. Using good judgement she did not open the door. They only conversed through the glass. She asked him to leave his card. He did leave but strangely did not attempt to solicit other neighbors. He got back in his van and drove off. She thought this was very odd. Later she tried to research the information on the business card and no such company exists. We have reported this to our neighborhood officers. Please be on the lookout for a white male about 30 yrs. old and weighing approx. 200lbs. He was driving a white van with no lettering or logos. If you are approached please call 911 and report it immediately.

**As always, be alert and pay attention to who is on your street and in your neighborhood!**

### We Want You

The BDHOA is a vital part of our neighborhood. We need volunteers to serve on our board for Feb. 2015-2016 year.

We are specifically looking for two people to share the "Communications" position. This position will combine with the Neighborhood Watch position. It would be two people working together. Once our new website is up and running it should be very easy to maintain. I estimate 2-3 times a week for about 10-20 minutes depending on if anything needs to be posted or sent out. We would provide all the training you need. Please contact Anna Wilder at [president@barclaydownshoa.org](mailto:president@barclaydownshoa.org)
