

Message from BDHOA president

On September 24, 2012, City Council voted to approve the Woodfield rezoning petition, 10-1, with only Patsy Kinsey (District 1) voting to oppose. If you have not already done so, take a moment to watch the one minute video of Council's discussion and vote. While it is true that BDSC removed their protest petition last weekend and agreed to a financial settlement, they took this action only after it was clear that our elected officials would not support our request to reduce the project's size. While we had hoped for a better outcome, the final project is **MUCH** better than what was first proposed in February. The changes that were made would not have occurred without the tremendous volunteer efforts of our HOA Rezoning Committee (Derek Dittner, Rebecca Fant, Jim Gallagher, Stephanie Leo and Kenny Smith) and former Board President Ken Brown. Together with the Board, committee members spent hundreds of hours on this project and gave up precious family and work time to push for desired changes. Please take time to thank them for their dedication and commitment to our neighborhood.
